**1 TONNE OR  
25KG BAGS**  
DELIVERY OPTIONS  
AVAILABLE

**TARGET INTAKE PER DAY:**

Beef Cattle 100g to 300g.

### WHY CHOOSE NITROMIX?

Crown's NitroMix is engineered to stimulate the rumen, allowing your livestock to make the most out of dry feed and low-quality forage. It's the perfect solution to support animals during harsh conditions, preventing weight loss that could hinder fertility and productivity. Contains a postbiotic and added organic zinc.

*Take control of your livestock's health with NITROMIX, the all-in-one solution for better feed efficiency and overall herd performance.*
